FEATURED PROJECTS

MICROSOFT POWER PLATFORM · TEAMS INTEGRATION

Automated Onboarding Workflow System

Redesigned enterprise onboarding end-to-end.

Architected a hands-free lifecycle system using Power Automate and SharePoint. Result: **60% reduction in manual HR touchpoints** with 100% compliance on all new-hire documentation workflows.

KIRKPATRICK LEVEL 4 · CHART.JS · DATA VISUALIZATION

ROI & Learning Impact Dashboard

Turning learner KPIs into executive-ready ROI narratives.

Built a Chart.js dashboard translating raw KPIs into visual ROI stories for senior stakeholders. Surfaced a **12% increase in measurable post-training performance.**

GAMIFICATION · HTML5 / JS · MARYLAND DNR

Bay Quest: The Blue Crab Challenge

Game theory applied to Chesapeake Bay environmental education.

Designed an HTML5 gamified experience using Maryland DNR data with high-stakes scoring mechanics. **Portfolio showcase piece** demonstrating practical application of game theory to environmental literacy.
